

# Digital Health and Wellbeing Charter for Yorkshire & Humber

The Charter includes delivery of the following outcomes across Yorkshire and Humber:

## Digital Health and Wellbeing Charter for Yorkshire & Humber

Develop our health and care, business and professional leaders to understand how digital enables transformation.

## Best Place for Digital Health and Wellbeing

Work together to address digital inclusion across the region so all can benefit from digital innovations in their health and wellbeing.

## Best Place for Digital Ready Leaders, Workforce and People

Enable our workforce to effectively use digital services to do their jobs.

## Best Place for Health Tech Sector to Growth and Thrive

Adhere to a common set of digital principles and standards.

## Best Place for Health Data and Research

Integrate with, use and leverage maximum benefit from the Yorkshire and Humber Care Record.

## Digital Health and Wellbeing Charter for Yorkshire & Humber

1. We will commit to our key clinical, business and professional leaders being developed and mentored to understand how digital, technology and data can be applied to enable new models of care;
2. We will support the ambition for our workforce being able to effectively use technology and data to do their jobs better;
3. We will support the implementation of a 100% digital inclusion in Yorkshire & Humber with the ambition that all our citizens will be digitally included;
4. We will seek with our partner organisations to identify resources to maintain, develop and assure the shared regional capabilities of the Yorkshire and Humber Care Record. Further we will commit as a region to look for opportunities to create centres of excellence and shared services that can be utilised across the region;
5. We will commit to integrate with, build upon and exploit the Yorkshire and Humber Care Record (LHCRE) integration capability and approach for all system to system integrations, both locally and regionally;
6. We will adopt a common set of design principles and ensure that all future investments into digital, technology and data systems use these common standards. The standards are aligned to those set by national bodies and will ensure that future integration of data across our region is seamless;
7. In line with the principles of subsidiarity, each ICSS/STP working with its partner organisations will co-ordinate engagement and implementation in their areas, with support from the Y&H digital teams;
8. We will consistently incorporate the key parts of this strategy into our NHS long term plan submissions by October 2019;
9. The YHAHSN, working closely with the Y&H digital teams, will take a lead role to determine how the Best Place for HealthTech and Best Place for Health Data and Research strategies will be progressed.
